Source: Department of Pesticide Regulation, 1995

** Alpine, Inyo, and Sierra counties did not have any reported pesticide-related illnesses in 1995.

1 Cases classified as agricultural are those in which people were exposed to pesticides that had been or were being used to contribute to the production of an agricultural commodity.

2 "Def/prob" indicates that after evaluation, cases classified as definitely or probably related to pesticide exposure.

3 "Pos" indicates that after evaluation, cases were classified as possibly related to pesticide exposure.
