Pesticide Use Near Schools and Child Care Facilities Home | Boundary | Notifications | Information | Growers | How-To | Log Out

**YOUR SCHOOL NAME**

**School Boundary**  
View your schoolsite boundary which was generated by best available state data. If there are any modifications needed to your school boundary please use the tools provided or contact your county agricultural commissioner's office.

**School Notifications** New  
View your current and previous school notifications from local farmers with crops within 1/4 mile of your boundary. California regulations require a farmer to provide annual notification of the pesticides expected to be applied to agricultural crops.

**Negotiation Alternative**  
California regulations include an option for a written agreement between the farmer, the principal or child care center administrator, and the county agricultural commissioner that specifies alternative application restrictions that the parties agree provide the same or a greater level of protection.

**Fact Sheet**  
Schoolsite administrators may forward the notifications and the overview fact sheet to parents and staff, but this is not required. Notifications are intended to provide information in case a pesticide application causes an unanticipated problem at the schoolsite. [Download Fact Sheet.](#)

**Regulation**  
Effective January 1, 2018, regulations by the Department of Pesticide Regulation (DPR) address pesticide applications to agricultural crops near public K-12 schools and child care centers (collectively referred to as schoolsites). These regulations prohibit certain pesticide applications within specified distances of a schoolsite and require annual notification to those sites. [Download Regulation.](#)

## Dashboard

Once logged in, you can view the dashboard containing various pages within the site. Furthermore, the school administrator can navigate to verify/update the schoolsite boundary, update your contact information, and view current notifications.

## Information

From the **Information** tab, one of the first steps will be to update your contact information. You also have the option to reset your password.

Edit Boundary for WESTRISCHOOLNAME

Description of boundary change:

Update Boundary:

Move and reshape the boundary on the map to fit the borders of the location.

## Boundary

With the **Boundary** tab, you can verify your approved schoolsite boundary and make edits. You must accept the boundary or submit changes to the County Agricultural Commissioner.

With the provided tools, you can edit your school boundary as well as add off-site locations that may be considered part of the school for review. Any changes made are subject to County Agricultural Commissioner approval. Your Commissioner has the option to either accept change request as is, or reject the change request.

A **Help** video tutorial will also be available.

School 1/4 mile buffer ● Sites with no notification

The above map shows the location of your schoolsite and the field(s) within 1/4 mile of your boundary.

**Current notifications**  
The county agricultural commissioner may be contacted for questions or additional information, if violations of these requirements are suspected, or for other non-emergency situations.
