

Ever thought about nominating a group for an IPM Innovator Award? Now's your chance!

The Department of Pesticide Regulation is accepting nominations for **IPM Innovator Awards** until April 30, 2007. Find information about the awards at <http://www.cdpr.ca.gov/docs/ipminov/innovatr.htm>.

Nominate a group by filling out a short form and sending it online, via mail, or fax, to the Department of Pesticide Regulation. You can make your nomination brief since we will get details from the nominated groups themselves.
