PML 14-01

TO: County Agricultural Commissioners

SUBJECT: NEW CHILD CARE INTEGRATED PEST MANAGEMENT VIDEOS

Introduction To further the California Department of Pesticide Regulation's (DPR) mission to protect human health and the environment and to fulfill the requirements of the Healthy Schools Act, the DPR Child Care Integrated Pest Management (IPM) program encourages the implementation of IPM in child care centers through education and outreach.

New Videos DPR is pleased to announce the availability of our new Child Care IPM video series. These videos identify ways to manage pests using simple IPM practices and function as easily accessible training tools to improve pest management practices in child care centers.

Availability Online The videos are available in English and Spanish. We are including a copy of the entire series on a DVD for your use. If you would like to view the videos online, they are available on the DPR You Tube channel at: <<http://bit.ly/IOjXVE>> (English) and <<http://bit.ly/1j0Qp7Y>> (Spanish).

Feedback The Child Care IPM Program would like feedback on the videos. We are including a short evaluation postcard for your use. Please respond to us with your comments, if convenient.
