Map for N.O.I. Version 3

FMP Map: Label Buffer Zone of 360’ (no Credits) for Metam Sodium at 75 gal/ac Spray Blade method
Scenario: The field fumigant has been added to the permit. The approval of the application is pending review of the N.O.I. The N.O.I. was submitted in a timely manner. (There are 3 different versions of the N.O.I., each one will be discussed by all during this exercise)

Exercise Purpose: Determine if the application will be approved based on the N.O.I. provided.

List what, if any, additional information is necessary to approve the fumigant application and where you would obtain that information.

N.O.I. Version 1 (N.O.I. only)
1) Insufficient information on N.O.I. (sensitive areas affected by buffer zone, other property operators?)
2) Review permit map for sensitive areas.
3) What are the buffer zones?
4) Areas affected by the buffer zone belong to applicant/grower?
5) Request copy of FMP map
6) Request copy of written agreement from property operators where buffer zone extends into their Ag land.

N.O.I./Application Approved (circle one). YES ☐ NO ☐

N.O.I. Version 2 (N.O.I. and permit map)
1) Surrounding areas identified but information inadequate (property owners, buffer distance)
2) What are the buffer zones?
3) Areas affected by the buffer zone belong to applicant/grower?
4) Request copy of FMP map
5) Request copy of written agreement from property operators where buffer zone extends into their Ag land or housing.

N.O.I./Application Approved (circle one). YES ☐ NO ☐

N.O.I. Version 3 (N.O.I. and FMP map)
1) Confirm distance of areas affected by the buffer zone
2) Request copy of written agreement from property operators where buffer zone extends into their Ag land or housing

N.O.I./Application Approved (circle one). YES ☐ NO ☐ (pending distance confirmed)
