California Department of Pesticide Regulation

Pesticides and urban waterways

Brown bag lunch

Monday, Oct. 26, 11:45 a.m.
Sierra Hearing Room
CalEPA Headquarters
1001 I St., Sacramento

Get the latest information on DPR's Surface Water Protection Program. The program protects human health and the environment by preventing pesticides from adversely affecting our surface waters, by addressing both agricultural and nonagricultural sources of pesticide residues in surface waters. Attendees earn CE credit.

Topics

Program basics of Northern and Southern California urban monitoring

Modeling to aid decision making for surface water monitoring

Special studies in urban monitoring: toxicity testing, mitigation monitoring

Speakers

Brian Leahy, Director
Department of Pesticide Regulation

Yuzhou Luo, Research Scientist
Surface Water Protection Program

Robert Budd, Senior Scientist
Surface Water Protection Program

Michael Ensminger, Senior Scientist
Surface Water Protection Program
