

Reformulation Reevaluation
List of Products Proposed for Cancellation Pursuant to
FAC Section 12825(h)

8-01-06
Revised 9-25-06

On August 31, 2006, the Department of Pesticide Regulation (DPR) proposed to cancel the 15 products listed below for failure to comply with the requirements of DPR's May 2005 reevaluation notice (California Notice 2005-06). Hearings on the proposed cancellations were scheduled for late September 2006, but before they could be held, all companies either complied with the reevaluation requirements or voluntarily cancelled product registrations. As a result, the products listed are no longer subject to cancellation. DPR received 6 requests for an exemption and 2 were determined to be exempt from reformulation. Registrants voluntarily cancelled the registrations of the remaining 7 products.
