

**Economic and Fiscal Impact Statement**  
Field Fumigant Emission Limits

Page 3

A. Fiscal Effect on Local Government

\$1,290,000 Estimated total cost to 19 counties in the 5 ozone nonattainment areas (NAA) for workload associated with emission limits and allowance system.

60,000 Estimated costs associated with emission limits and allowance system in the Ventura NAA.

\$ 1, 230,000 Estimated savings per year in 2008-09 and 2009-10 to counties in the four ozone NAAs due to delay in implementing the emission limits and allowances until 2011.

Page 4

B. Fiscal Effect on State Government

\$1, 230,000 The delay of implementing the emission limit and allowances in the Sacramento Metro, San Joaquin Valley, South Coast, and Southeast Desert ozone NAAs will save DPR up to \$1.23 million per year in 2008-09 and 2009-10, in payments to the local county agricultural commissioners for workload associated with this allowance system.
