

California State University, Fresno
Production Systems

Course Name
Advanced Beef Management
Advanced Commercial Dairy Management
Advanced Dairy Farm Management
Advanced Horse Management
Advanced Livestock, Meat, and Dairy Evaluation
Advanced Meat Science
Advanced Plant Breeding
Advanced Swine Management
Animal Nutrition
Animal Reproduction
Aspects of Crop Productivity
Beef Cattle Production
Cereal and Forage Crops
Citrus and Subtropical Fruits
Concepts in Non-Ruminant Nutrition
Crop Improvement
Dairy and Meat Systems Management
Dairy Cattle Nutrition
Dairy Cattle Production
Equine Nutrition
Feeds and Feeding
Fruit Species of California
General Viticulture I
General Viticulture II
Grape Varieties and Rootstocks
Greenhouse & Nursery Crop Production
Herbaceous Plant Materials
Horse Production
Introduction to Animal Science
Introduction to Crop Science
Introduction to Fruit Science
Introduction to Livestock, Meat, and Dairy Evaluation
Introduction to Ornamental Horticulture
Meat Animal Selection and Evaluation

California State University, Fresno
Production Systems

Course Name
Meat Science
Meat Science and Muscle Biology
Mechanized Viticulture
Micropropagation
Organic Crop Production
Plant Propagation
Poultry Production
Principles of Pomology II
Production and Marketing of Table Grapes
Raisin Production and Processing
Range Ecology and Management
Row Crops
Ruminant Nutrition
Sheep Production
Swine Production
Turfgrass Production and Management
Vegetable Production
Winegrape Production
Woody Plant Materials
