

Department of Pesticide Regulation

Mary-Ann Warmerdam
Director

Arnold Schwarzenegger
Governor

June 9, 2010

TO: Pesticide Registrants, Brokers
and Pest Control Dealers

SUBJECT: REINSTATEMENT OF THE ADDITIONAL MILL ASSESSMENT

The current mill assessment rate is 21.0 (\$0.2100) mills per dollar sales on all pesticide products sold for use in California. Also, pesticide products labeled for agricultural and/or nonagricultural use (dual-use), except pesticides labeled solely for home, industrial, or institutional-use, are subject to an additional three-fourths (\$0.00075) mill assessment. This additional mill assessment funds the California Department of Food and Agriculture's (CDFA) office of Pesticide Consultation and Analysis.

CDFA had requested the Department of Pesticide Regulation (DPR) to suspend the collection of the additional three-fourths mill assessment for a period of one year. The suspension was effective July 1, 2009 through June 30, 2010. **CDFA has requested DPR to reinstate collection of the additional three-fourths mill assessment effective July 1, 2010.**

If your assessment forms are mailed to an address different from your corporate office, please forward this information to the responsible person or authorized representative.
