

California Notice 2011-06

**TO: PESTICIDE PRODUCT REGISTRANTS**

**SUBJECT: ELECTRONIC COPIES OF CERTIFICATES OF REGISTRATION (PESTICIDE PRODUCT LICENSES)**

In an ongoing effort to improve the pesticide registration process, DPR will, effective immediately, e-mail an electronic copy of new pesticide product certificates of registration (licenses) to the e-mail address specified on the Application for Pesticide Registration form for that product.

For legal purposes, DPR mails hard copies of all new pesticide product licenses directly to the registrant's business address, with one exception. In the case of registrants located in foreign countries without a U.S. address, DPR mails new product licenses to the U.S. address of the agent/consultant of record for the company. Upon request, DPR will send an additional copy of the new product license to the designated agent for the company, or in the case of a registrant located in a foreign country without a U.S. address, to the company's foreign address.

Under DPR's new process, once the hard copy of the license is placed in the U.S. mail to the registrant's business address, DPR will additionally e-mail an electronic copy of the license to the e-mail address specified on the Application for Pesticide Registration form for the product. The electronic copy of the license will be sent as a PDF formatted attachment to the e-mail address provided on the form, regardless of whether it is the e-mail address of the registrant or the designated agent for the registrant.

If you have any questions, please contact Ms. Liz Pelham, Environmental Program Manager I, by e-mail at <lpelham@cdpr.ca.gov>, or by telephone at (916) 445-7234.
