

# Commodity Codes by Number for Permit/Pesticide Use Report (PUR) Programs

## Table Column Definitions

- COMMODITY NUMBER: Code from a list established by USEPA and modified for use by DPR.
- QUALIFIER: Identifies specifics about commodity or site.
- COMMODITY NAME: The name of the commodity or site.
- NEW: Indicates what commodity codes are new as of the last update.

## Universal Qualifiers

- 04 can be used with any commodity to denote “grown for seed”
- 07 can be used to denote a “seedless” variety
- 20 can be used with any commodity to denote an application in a state park
- 60 can be used with any commodity to denote “grown organically”
- 89 can be used with any commodity to denote “grown for processing”
