Join us for an update on California's School and Child Care IPM program, and a special presentation by Manteca Unified School District. Integrated Pest Management (IPM) is the preferred method of managing pests at school sites under California's Healthy Schools Act (HSA) to reduce children's exposure to pesticides.

**AGENDA**

**11:45 a.m.** Registration, Sign-In

**12:00 p.m.** Welcome: Brian Leahy, Director - Department of Pesticide Regulation
