

# DPR Brown Bag

## LUNCH SERIES

### HELPING SCHOOLS REDUCE RISK: PROMOTING MANTECA UNIFIED'S GOPHER TRAPPING PROGRAM

Join us for an update on California's School and Child Care IPM program, and a special presentation by Manteca Unified School District. Integrated Pest Management (IPM) is the preferred method of managing pests at school sites under California's Healthy Schools Act (HSA) to reduce children's exposure to pesticides.

#### SPEAKERS

**Brian Leahy**

Director, Department of Pesticide Regulation

**Eric Denemark**

Senior Environmental Scientist (Specialist) -  
Department of Pesticide Regulation

**John Lopez**

Supervisor of Grounds & IPM Coordinator-  
Manteca Unified School District

**Lisa Estridge**

Senior Environmental Scientist (Supervisory) -  
Department of Pesticide Regulation
