

From the Director

Brian R. Leahy, Director
Department of Pesticide Regulation

AUGUST 2017

Hello,

It has been an incredibly busy summer at DPR and I want to ensure that you have our latest 2015-2016 Progress Report.

In this document, you will read about the achievements of our staff and partners at the county agricultural commissioners' offices.

Together, we continue to fulfill our mission and maintain the balance of protecting people and the environment as pesticides are used in society.

The progress report is online at

http://cdpr.ca.gov/docs/dept/progrpt/2015_16/report2015-16.pdf.

Brian Leahy.
