Updates to the PREC Charter

Pesticide Registration and Evaluation Committee Meeting

November 16, 2018
Overview of Charter

Outlines purpose, authority, and responsibilities of the Pesticide Registration and Evaluation Committee.

Last updated in September 2000.

Propose updates to clean up language and reflect current committee practices.
Proposed Updates

States that the PREC may provide technical analysis and advice on environmental monitoring procedures and data analysis related to pesticides and pesticide use.

States that DPR will consult with PREC on the creation of new subcommittees.

Requires that representative agencies notify DPR of membership changes.

Removes “Performance Criteria” section.

States that future reviews of PREC function and changes to the charter will be provided to the committee for comment and approval.
