AB 617 Overview

Pesticide Registration and Evaluation Committee

March 15, 2019
Blueprint for Program Implementation

Defines statewide strategies and sets requirements for:

- Public engagement and community partnerships
- Selecting communities
- Conducting community air monitoring
- Developing community emissions reduction programs
Building a Community-Focused Framework

- Partnerships with communities
- New statewide strategies to reduce emissions
- Targeted community clean air plans
- Metrics to track & report progress
- Collaborations with land use & transportation agencies
- Clean technology incentive investments
- Expanded air monitoring
- Improved data accessibility
Initial 10 communities serve as statewide models
Additional Action in Initial Set of Communities

Air districts are working with communities to develop:

• Community emissions reduction programs (Oct 2019)
• Community air monitoring (July 2019)
Community Air Grants

- Community Capacity Building
- Ability to leverage work to support Community Air Monitoring or Emissions Reduction Program
- 2018 Awardee: *Californians for Pesticide Reform*
On-line Resource Center

Provides additional supporting information for stakeholders:

- Evolving materials as they become available
- Monitoring technologies/protocols
- Tech assessment
- Updated DPR links to pesticide program information
### Next Steps
