

The top 100 sites used by pounds of active ingredients statewide in 2016 (all pesticides combined). Note that calculation methods for application and acre counts in this table were adjusted in 2016 to prevent over-counting when a product contains more than one active ingredient. Application and acre counts in this table should not be compared to the application and acre counts listed in Top 100 Sites tables created prior to 2016. Text files of data are available at [<ftp://transfer.cdpr.ca.gov/pub/outgoing/pur/data/>](ftp://transfer.cdpr.ca.gov/pub/outgoing/pur/data/).
