California Notice: 2013-04

To: Pesticide Registrants and other Stakeholders

Subject: Online Release of “A Guide for Pesticide Registrants”

The Department of Pesticide Regulation (DPR) is pleased to announce the release of a newly developed stakeholder’s guidance manual: “A Guide for Pesticide Registrants.” It is now available on the DPR website at: <http://www.cdpr.ca.gov/docs/registration/manual/guidance.pdf>.

The goal of the manual is to provide DPR’s stakeholders with step-by-step instructions for registering, amending, and renewing different types of pesticide products in California. The manual will assist new and current registrants with understanding California’s pesticide product registration process. The manual includes references to California data requirements and standards. It is designed as an online resource in a searchable PDF format that can also be printed as a hardcopy reference document.

This manual was developed by several DPR staff in the Pesticide Registration Branch with much appreciated input from representatives of several pesticide registrants and consultants as part of a Stakeholder Advisory Group.
