California Notice to Registrants 2004-1

TO: California Registrants and Applicants of Pesticide Products

SUBJECT: Workshop for Antimicrobial Product Registration, April 26-27, 2004

The Department of Pesticide Regulation (DPR) is sponsoring a workshop on how to register antimicrobial products in California. This workshop will be held in Sacramento at the Cal/EPA building on April 26-27, 2004.

We invite registrants and other interested parties to attend this informative how-to workshop, including breakout sessions on the requirements for obtaining registration of sanitizers, disinfectants, and other antimicrobial products. This is also an excellent chance to meet the DPR registration specialists and scientists.

Attached is information about signing up for the workshop. The cost is \$20 and will include a workbook. Within the next few weeks, an agenda will be available. Please watch our website at www.cdpr.ca.gov for the agenda. We hope to see you at the workshop.

Sincerely,

Barry Cortez, Chief
Pesticide Registration Branch
Department of Pesticide Regulation
