California Notice to Registrants 2005-5

TO: California Registrants and Applicants of Pesticide Products

Workshop for Agricultural and Home/Garden Product Registrations September 26-27, 2005

The Department of Pesticide Regulation (DPR) is sponsoring a workshop on how to register agricultural and home/garden products in California. This 1½ day workshop will be held in Sacramento at the Cal/EPA building on September 26-27, 2005.

We invite registrants and other interested parties to attend this informative how-to workshop, including presentations on registration requirements, breakout sessions, and updates on recent changes at DPR.

Attached is a registration form with information about signing up for the workshop. The cost is \$30 and will include a workbook.

Please watch our website for details! Within the next few weeks, a specific agenda will be available on our website at www.cdpr.ca.gov "Registration", in addition to information about hotels, parking, and map location.

This is an excellent chance to learn about the requirements and to meet the DPR registration specialists and scientists. We look forward to seeing you in September.

Sincerely,

original signed by

Barry Cortez, Chief
Pesticide Registration Branch
Department of Pesticide Regulation
