

APPENDICES 1 & 2
TURBIDITY METER LOG SUMMARY AND EXAMPLES

SUMMARY

Each appendix is a shared Excel spreadsheet that represents a unique meter, noted by its serial number (SN) at the top of the sheet. The spreadsheet has three tabs: calibration, cleaning, and battery replacement. Each tab is formatted the same way, with three columns to log the date (of calibration, cleaning, or the battery replacement), notes, and initials similar to the examples below.

EXAMPLES

TURBIDITY METER LOG

SN: 06440006101

Date	Notes	Initials

Table 1: Example of Appendix 1: Turbidity Meter Log SN: 06440006101.

TURBIDITY METER LOG

SN: 07030119101

Date	Notes	Initials

Table 2: Example of Appendix 2: Turbidity Meter Log SN: 07030119101.
