

## Commodity Codes by Name for Permit/Pesticide Use Report (PUR) Programs

### Table Column Definitions

COMMODITY NUMBER: Code from a list established by USEPA and modified for use by DPR.

QUALIFIER CODE: Code number associated with qualifier.

COMMODITY NAME: QUALIFIER NAME: The name of the commodity or site (i.e. strawberries, wine grapes, tomatoes, etc.) followed by a qualifier name when applicable.

NEW or NEW NAME: Indicates what commodity codes or names are new as of the last update.

### Universal Qualifiers

04 can be used with any commodity to denote "grown for seed"

07 can be used to denote a "seedless" variety

20 can be used with any commodity to denote an application in a state park

60 can be used with any commodity to denote "grown organically"

89 can be used with any commodity to denote "grown for processing"
