Avoid Retesting!

All CE hours must be completed during your valid license period, or you will have to retest in Laws and Regulations and every category that you need!

If you submit early and DPR finds you are short hours, you may still have time to complete needed CE.

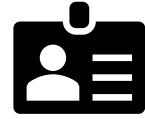

DPR encourages you to include your email address with your application, so we can contact you quickly about any renewal issues!

Excess hours cannot be transferred to the next renewal period.

General Information About Business License Renewal

DPR can only renew a business license if the qualified person (QP) has renewed.

DPR recommends sending the business and the QP renewals at the same time.

You can register with the counties where you work after DPR renews your license.

You cannot operate without a current license and county registration.

**Renew early to avoid late fees
and stay in business!**
