

# HOW TO GET A HEALTHY SCHOOLS ACT GROUP TRAINING KIT

The group training kit is a way for schools and child care centers to meet the Healthy Schools Act training requirement. Use the kit to train anyone who uses pesticides at schools or child care centers. They must finish one Healthy Schools Act course before they use a pesticide and renew each year.

Each kit includes:

- Videos of 2 DPR courses, each in English and Spanish
- Instructions
- Quizzes and Quiz Keys
- Certificates
- Sign-in sheets

## 1 Get a free kit by emailing DPR

Email us to request a free group training kit. The kit is an electronic file folder. We will email you a link to the folder. Then you can use it right away! Get the most updated kit by requesting a new one.

Schools	Child care centers
Send email to: <a href="mailto:school-ipm@cdpr.ca.gov">school-ipm@cdpr.ca.gov</a>	Send email to: <a href="mailto:ccipmlist@cdpr.ca.gov">ccipmlist@cdpr.ca.gov</a>
Provide name of school and mailing address to verify the location	Provide name of child care center and mailing address to verify the location

## 2 Host a group training session

Courses in the kit are about integrated pest management, the proper use of pesticides at schools and child care centers, and the Healthy Schools Act. Each course is a stand-alone course. Only one course needs to be taken to meet the training requirement. Make sure to host the training each year for staff who use pesticides at schools or child care centers!

## 3 Email sign-in sheets to DPR

Once your group completes the training course of your choice, email us a copy of the sign-in sheets so we can keep a record on file.
