

Citable Sections Report

Table with 4 columns: Code Section, Description, Enforcement Option(s), Exception, Reference, or Advisory. Rows include sections like FAC 11701, FAC 11701.5, FAC 11704(a), etc.

FAC: Food and Agricultural Code
3 CCR: Title 3, California Code of Regulations
B&PC: Business and Professions Code
16 CCR: Title 16, California Code of Regulations
LC: Labor Code

Enforcement Options:
State Only - Cannot be used by CACs in an ACP or SCP action
ACP - Agricultural Civil Penalty
SCP - Structural Civil Penalty
C&D - Cease and Desist Order - Must also note the requirements violated as the basis for the order
Civil, Criminal - City/County Attorney, Attorney General, or DPR may initiate a Civil/Criminal Action.
This section not for use by CACs in an ACP or SCP action

Full code section text, as well as Exception, Reference, or Advisory section(s) text, should be considered in their entirety before writing a NOPA

Citable Sections Report

Code Section	Description	Enforcement Option(s)	Exception, Reference, or Advisory
FAC 11792(c)	Unlawful to operate equipment with incompetent or unqualified persons in charge of the equipment.	ACP	11531, 11737; Consult with DPR

Citable Sections Report

Code Section	Description	Enforcement Option(s)	Exception, Reference, or Advisory
3 CCR 6301(c)	Unregistered products. Possession or use cancelled or suspended.	State Only	12995; No CAC authority to cite
3 CCR 6302	Sale of Agricultural Use and Restricted Material Pesticides.	Cite subsec.	Cite subsection (c) only
3 CCR 6302(a)	Registrant/broker agricultural use pesticide sales restriction.	State Only	Refer to Product Compliance Unit
3 CCR 6302(b)	Registrant/broker restricted material pesticide sales restriction.	State Only	Refer to Product Compliance Unit
3 CCR 6302(c)	Licensed dealer sells restricted materials to end users.	ACP	14010, 6412, 6414, 6416, 6568; Amended effective 1/1/24
3 CCR 6361(d)	Butyl mercaptan limitations.	State Only	Do not cite
3 CCR 6404	Use Limitations.	Cite subsec.	Cite specific subsection; Adopted effective 1/1/24
3 CCR 6404(a)	Restricted material used by or under the direct supervision of certified applicator operating within scope of certification.	ACP, SCP	6000 "cert. commercial applicator", "cert. private applicator"
3 CCR 6404(b)	Certified applicator not holding the category, branch, or type of certification required supervised by a certified applicator who does.	ACP, SCP	6530, 8560(b); Health and Safety Code 2052, 2085, and 106925; 6724(d)(1)
3 CCR 6404(c)	Restricted materials labeled as a fumigant used by or under the direct supervision of certified commercial applicators only.	ACP, SCP	6400, 6404(d); 6000 "certified commercial applicator"
3 CCR 6404(d)	Private applicator certified under 6580.2(c) may use/supervise fumigants labeled for the control of burrowing vertebrate pests.	ACP	6400, 6580.2(c); 6000 "private applicator"
3 CCR 6406	Supervision standards.	Cite subsec.	Cite subsection (b) or (c); Amendments effective 1/1/24
3 CCR 6406(a)	"Noncertified applicator" examples.	Do not cite	Do not cite; 6000, 6724
3 CCR 6406(b)(1)	Certified applicator supervising a noncertified applicator must have practical knowledge of requirements of labeling, laws, and regulations.	ACP, SCP	6400, 6406(a) and (d); 6000 "practical knowledge"
3 CCR 6406(b)(2)	Certified applicator supervising a noncertified applicator must verify 6724 records cover training on restricted material(s) and use situation(s).	ACP, SCP	6000, 6400, 6406(a) and (d), 6724
3 CCR 6406(b)(3)	Certified applicator supervising a noncertified applicator must provide instructions to noncertified applicator(s) specific to the application site and pesticides to be used; minimum requirements.	ACP, SCP	6000, 6400, 6406(a) and (d)
3 CCR 6406(b)(4)	Certified applicator supervising a noncertified applicator must be aware of use site conditions; availability of the certified applicator.	ACP, SCP	6000, 6400, 6406(a), (c) and (d)
3 CCR 6406(c)	When the physical presence of the certified applicator is required.	ACP, SCP	6406(d)
3 CCR 6406(d)	Exemptions.	Do not cite	6000 "tribe", "tribal land"
3 CCR 6412	Restricted Material Permit Requirements.	Cite subsec.	Cite specific subsection
3 CCR 6412(a)	Possession or use of restricted materials only under the permit of the commissioner.	ACP	6400, 6414, 6416, 14006.5
3 CCR 6412(b)	Storage requirements after permit expires.	ACP	6670, 6670
3 CCR 6416(a)	Groundwater protection restrictions. Permit required for possession/use.	ACP	6416(a-c); 6000 "groundwater protection area"
3 CCR 6420(c)	Permittee responsible for compliance with all restricted material permit conditions.	ACP	12973, 14006.5, 14007(a)

FAC: Food and Agricultural Code
 3 CCR: Title 3, California Code of Regulations
 B&PC: Business and Professions Code
 16 CCR: Title 16, California Code of Regulations
 LC: Labor Code

Enforcement Options:
 State Only - Cannot be used by CACs in an ACP or SCP action
 ACP - Agricultural Civil Penalty
 SCP - Structural Civil Penalty
 C&D - Cease and Desist Order - Must also note the requirements violated as the basis for the order
 Civil, Criminal - City/County Attorney, Attorney General, or DPR may initiate a Civil/Criminal Action.
 This section not for use by CACs in an ACP or SCP action

Full code section text, as well as Exception, Reference, or Advisory section(s) text, should be considered in their entirety before writing a NOPA

1/28/2026

Page 8 of 40

This report does not replace the County Agricultural Commissioner's (CAC's) responsibility to ensure there is sufficient evidence to prove a case before issuing a NOPA. Refer to Compendium Volume 6 for information on the steps used to determine if a section can be cited in a CAC Administrative Civil Penalty Action.

Citable Sections Report

Code Section	Description	Enforcement Option(s)	Exception, Reference, or Advisory
3 CCR 6426	Alternatives and Mitigation Measures.	Cite subsec.	Cite specific subsection
3 CCR 6426(a)	PCAs and growers shall consider and adopt feasible alternatives and mitigation measures.	ACP	6000 "feasible alternatives", feasible mitigation measure"
3 CCR 6426(b)	PCB has recommendation available for each ag. use application that requires a permit and operate in accordance with the permit.	ACP	6414, 6416; 11408 "agricultural use", 11411 "recommendation"
3 CCR 6428	Agricultural Permit Applications.	Cite subsec.	11408 "agricultural use"; 6420(a); Cite specific subsection
3 CCR 6428(a)	Name and business address of permit applicant.	ACP	Amended effective 02/24/2025
3 CCR 6428(b)	Location and base line, MTRS of each property to be treated.	ACP	Amended effective 02/24/2025
3 CCR 6428(c)	Identification of all known sensitive areas.	ACP	6434(b)(11)
3 CCR 6428(d)	Identification of each commodity, crop, or site to be treated.	ACP	
3 CCR 6428(e)	Anticipated pest problem(s) to be controlled for each crop.	ACP	
3 CCR 6428(f)	Restricted material(s) required for each pest on crop, commodity, or site.	ACP	
3 CCR 6428(g)	Date/crop stage for intended restricted material(s) application(s).	ACP	6434(a)
3 CCR 6428(h)	Expected method of application.	ACP	6434(a); Amended effective 01/01/26
3 CCR 6428(i)	Dilution, volume per acre or other units, and dosage.	ACP	6434(a); Separated into own subsection effective 01/01/26
3 CCR 6428(j)	Name of the pest control business, if any.	ACP	6434(a); Amendments effective 01/01/24, renumbered to (j) effective 01/01/26
3 CCR 6428(k)	Information on the certified applicator responsible for supervising use of restricted materials.	ACP	6434(a); Amendments effective 01/01/24, renumbered to (k) effective 01/01/26
3 CCR 6430	Non-Agricultural Permit Applications.	Cite subsec.	11408 exemptions from "agricultural use"; 6420(b); Cite specific subsection
3 CCR 6430(a)	Name and business address of operator of the property or PCB.	ACP	
3 CCR 6430(b)	Signature of either the permittee, authorized representative, or QAL of the PCB.	ACP	
3 CCR 6430(c)	Restricted material(s) to be used.	ACP	
3 CCR 6430(d)	Pest(s) to be controlled.	ACP	
3 CCR 6430(e)	Method of application.	ACP	
3 CCR 6430(f)	Criteria for determining the need for the application.	ACP	
3 CCR 6430(g)	Information on the certified applicator responsible for supervising use of restricted materials.	ACP	Amendment effective 1/1/24
3 CCR 6434	Notice of Intent. [NOI]	Cite subsec.	Cite specific subsection
3 CCR 6434(a)	Additional information required if not detailed on permit.	ACP	6428(g-j); Amended effective 02/24/2025, 01/01/26
3 CCR 6434(b)	Electronic submission of NOIs to CAC for all agricultural use RM applications; specific information required on the NOI.	ACP	11408 "agricultural use"; 6428; Amended effective 02/24/2025, 01/01/26

Citable Sections Report

Code Section	Description	Enforcement Option(s)	Exception, Reference, or Advisory
3 CCR 6447.2(c)	Inner buffer zone restrictions.	ACP	6447; 6000 "buffer zone"
3 CCR 6447.2(d)	Outer buffer zone restrictions.	ACP	6447; 6000 "buffer zone"
3 CCR 6447.2(e)	Operator of the property to be fumigated assures additional notifications.	ACP	6447, 6447.1, 6447.2
3 CCR 6447.2(f)	Notification to other property operator if other operator is required to notify per (e).	ACP	6447, 6447.1
3 CCR 6447.2(g)	Requirements for fumigations within 1/4 mile of schools.	ACP	6447
3 CCR 6447.3	MeBr Field Fumigation Methods.	Cite subsec.	Cite specific subsection
3 CCR 6447.3(a)	MeBr required application methods, certain methods prohibited in ozone NAAs, method requirements in addition to label.	ACP	6784, 6452, 6447, 6447.3(c); 6000 "ozone nonattainment area"
3 CCR 6447.3(b)	Entry restricted period restrictions.	ACP	6447, 6770, 6784
3 CCR 6448	1,3-Dichloropropene Field Fumigation - General Requirements.	Cite subsec.	Amended effective 1/1/24; Cite specific subsection
3 CCR 6448(a)	Limitation to agricultural commodity uses.	ACP	Adopted effective 1/1/24; 6000 "agricultural commodity"
3 CCR 6448(b)	Setback restriction from occupied structures as specified in the referenced document.	ACP	Adopted effective 1/1/24, document incorporated by reference amended effective 01/01/26
3 CCR 6448(c)	Setback restriction for overlapping applications.	ACP	Adopted effective 1/1/24, document incorporated by reference amended effective 01/01/26
3 CCR 6448(d)	Buffer zone restriction for certain applications.	ACP	6000 "application block" "buffer zone"; New subsection adopted effective 01/01/26
3 CCR 6448(e)	Application cannot exceed maximum broadcast equivalent rate specified in the referenced document.	ACP	Adopted effective 1/1/24, renumbered to (e) and document incorporated by reference amended effective 01/01/26
3 CCR 6448(f)	Acreage cannot exceed acres specified in the referenced document.	ACP	Adopted effective 1/1/24, renumbered to (f) and document incorporated by reference amended effective 01/01/26
3 CCR 6448(g)	48-hour NOI requirements.	ACP	6434(b); Adopted effective 1/1/24, renumbered to (g) effective 01/01/26
3 CCR 6448.1	Approved TIF Tarpaulins for 1,3-D.	Cite subsec.	Adopted effective 1/1/24; Cite subsection (d)
3 CCR 6448.1(a)	Director evaluates tarps and maintains list on website.	Do not cite	Not citable as a violation in a CAC ACP action
3 CCR 6448.1(b)	Director shall issue a public notice each time a change is made to the list and upon denial of an application to add or amend a TIF tarp on the list.	Do not cite	Not citable as a violation in a CAC ACP action
3 CCR 6448.1(c)	Appeal procedures for Director's decision in (b).	Do not cite	Not citable as a violation in a CAC ACP action

Citable Sections Report

Code Section	Description	Enforcement Option(s)	Exception, Reference, or Advisory
3 CCR 6448.1(d)	If a TIF tarp is used for a fumigation, it must meet the requirements in (a) at the time of application.	ACP	6448.1(a)
3 CCR 6448.2	1,3-D Field Fumigation Methods.	Cite subsec.	Renumbered and amended effective 1/1/24; Cite specific subsection
3 CCR 6448.2(a)(1)	Requirements if tarps are used: same permeability category on application block.	ACP	6448.1; Adopted effective 1/1/24
3 CCR 6448.2(a)(2)	Requirements if tarps are used: row ends must be buried under at least 4" of firmly packed soil.	ACP	6448.1; Adopted effective 1/1/24
3 CCR 6448.2(a)(3)	Requirements if tarps are used: tarp plan requirements (identification, checking, repairs, perforation, target dates for perforating and removal).	ACP	6448.1; Adopted effective 1/1/24
3 CCR 6448.2(a)(4)	Requirements if tarps are used: TIF tarp perforation at least 10 days after application.	ACP	6448.1; Adopted effective 1/1/24
3 CCR 6448.2(b)	Except for drip chemigations, soil moisture must be at 50% of field capacity.	ACP	Amended effective 1/1/24; document incorporated by reference amended 01/01/26
3 CCR 6448.2(b)(1)	Post-application water treatment rate per hour; based on soil texture.	ACP	6448.2(d); Amended effective 1/1/24;
3 CCR 6448.2(c)	Tree and grape crops must use a method specified in (d) with an injection 24" injection point or TIF tarp.	ACP	6448.2(d), 6448.1; Adopted effective 1/1/24;
3 CCR 6448.2(c)(1)	In an ozone NAA, a strip fumigation application block can only be treated once between May-Oct during the same calendar year.	ACP	Amended effective 1/1/24
3 CCR 6448.2(d)	1,3-D application methods, methods prohibited in ozone NAAs, method requirements in addition to label.	ACP	6448, 6448.1, 6448.2(a),(e); 6000 "ozone nonattainment area"; Amended effective 1/1/24; document incorporated by reference amended 01/01/26
3 CCR 6448.2(d)(1)	1,3-D application methods: Nontarp/shallow/broadcast or bed requirements.	ACP	Amended effective 1/1/24
3 CCR 6448.2(d)(2)	1,3-D application methods: Tarp/shallow/broadcast or bed requirements.	ACP	Amended effective 1/1/24
3 CCR 6448.2(d)(3)	1,3-D application methods: Nontarp/shallow/broadcast or bed/3 post-app water treatments requirements.	ACP	Amended effective 1/1/24
3 CCR 6448.2(d)(4)	1,3-D application methods: Tarp/shallow/broadcast or bed/3 post-app water treatments requirements.	ACP	Amended effective 1/1/24
3 CCR 6448.2(d)(5)	1,3-D application methods: Nontarp/deep/broadcast requirements.	ACP	
3 CCR 6448.2(d)(6)	1,3-D application methods: Tarp/deep/broadcast requirements.	ACP	Amended effective 1/1/24
3 CCR 6448.2(d)(7)	1,3-D application methods: Chemigation/tarp requirements.	ACP	Amended effective 1/1/24
3 CCR 6448.2(e)	Exceptions to the methods in subsection (d).	Do not cite	Not citable as a violation in a CAC ACP action; Amended effective 01/01/24

 LC: Labor Code

Enforcement Options:
 State Only - Cannot be used by CACs in an ACP or SCP action
 ACP - Agricultural Civil Penalty
 SCP - Structural Civil Penalty
 C&D - Cease and Desist Order - Must also note the requirements violated as the basis for the order
 Civil, Criminal - City/County Attorney, Attorney General, or DPR may initiate a Civil/Criminal Action.
 This section not for use by CACs in an ACP or SCP action

Full code section text, as well as Exception, Reference, or Advisory section(s) text, should be considered in their entirety before writing a NOPA

1/28/2026

Page 13 of 40

This report does not replace the County Agricultural Commissioner's (CAC's) responsibility to ensure there is sufficient evidence to prove a case before issuing a NOPA. Refer to Compendium Volume 6 for information on the steps used to determine if a section can be cited in a CAC Administrative Civil Penalty Action.

Citable Sections Report

Code Section	Description	Enforcement Option(s)	Exception, Reference, or Advisory
3 CCR 6454(a)	Criteria for distance between fumigated structure and property line; only fumigation crew may enter.	ACP, SCP	
3 CCR 6454(b)	Tarpaulin thickness and condition requirements.	ACP, SCP	
3 CCR 6454(c)	Repair tarpaulins prior to fumigation; repair methods.	ACP, SCP	
3 CCR 6454(d)	Fumigant retention method by application rate and total pounds of MeBr.	ACP, SCP	
3 CCR 6454(e)	Tarpaulins draped to watered ground, appropriately sealed.	ACP, SCP	
3 CCR 6454(f)	Use of chloropicrin as a warning agent.	ACP, SCP	
3 CCR 6454(g)	Fan required for fumigant dispersal; chloropicrin released into airstream of fan.	ACP, SCP	
3 CCR 6454(h)	Aeration start and end times.	ACP, SCP	
3 CCR 6454(i)	Aeration convection tubing or ducting; outlet location.	ACP, SCP	6454(j)
3 CCR 6454(j)	Convection tubing or ducting; Pounds of MeBr and height of tallest structure within specified distance.	ACP, SCP	
3 CCR 6454(k)	Licensed Branch 1 OPR or FR present during aeration, requirements.	ACP, SCP	8506, 8507, 8560(b), 6454(n)
3 CCR 6454(l)	Exhaust fan and convection tubing installation requirements.	ACP, SCP	
3 CCR 6454(m)	SCBA required if aeration equipment installed after fumigation has begun.	ACP, SCP	
3 CCR 6454(n)	Instrumentation and method to measure MeBr concentration reduction during aeration.	ACP, SCP	
3 CCR 6457	Bentazon (Basagran). Use prohibited 1) in Del Norte or Humboldt Counties, and 2) in rice production.	ACP	6457, 6487.1 - 6487.4
3 CCR 6458	Aldicarb.	Cite subsec.	Cite specific subsection; No products with active registration since 2009
3 CCR 6458(a)	Application limits to certain crops by growth stage.	ACP	6458(b)
3 CCR 6458(b)	Application prohibition to certain crops from September to March.	ACP	
3 CCR 6460	Drift Control. [dicamba; 2,4-D; 2,4-DB; MCPA; 2,4-DP; or propanil]	Cite subsec.	Cite specific subsection; 6412
3 CCR 6460(a)	No discharge 10+ feet over crop/target, discharge shutoff.	ACP	6460(a-d)
3 CCR 6460(b)	Application prohibited if wind velocity more than 10 mph.	ACP	6614, 12973
3 CCR 6460(c)	Aircraft requirements.	ACP	
3 CCR 6460(d)	Ground equipment requirements.	ACP	
3 CCR 6462	Propanil. [Butte, Colusa, Glen, Placer, Yuba, and parts of Sutter and Yolo Counties]	Cite subsec.	Cite specific subsection
3 CCR 6462(a)	No applications of emulsifiable concentrate formulation.	ACP	
3 CCR 6462(b)	Aircraft application requirements and restrictions.	ACP	6462(a)
3 CCR 6462(c)	Butte Rice Research Station aerial applications; work plan approval.	ACP	6462(b)(1)
3 CCR 6462(d)	Ground application requirements and restrictions.	ACP	6462(a)
3 CCR 6464	Phenoxy and Certain Other Herbicides. [dicamba; 2,4-D; 2,4-DB; MCPA; 2,4-DP; or propanil]	Cite subsec.	Cite specific subsection

Citable Sections Report

Code Section	Description	Enforcement Option(s)	Exception, Reference, or Advisory
3 CCR 6558	Recommendation for Use of Nonfumigants in the San Joaquin Valley Ozone NAA. PCAs not to recommend use in violation of 6884, exception must be identified, retain recommendations for 2 years.	ACP	12003, 12004, 6884, 6884(b); 6000 "ozone nonattainment area"
3 CCR 6560(a)	Active supervision of pest control dealer operations by designated agent. [Repealed 1/1/24]	ACP	Repealed effective 1/1/24; use 12101.5
3 CCR 6562	Dealer Records and Sales Reporting.	Cite subsec.	Cite specific subsection
3 CCR 6562(a)	Record requirements for all pesticides sold or delivered; home use exception.	ACP	6564, 6622; 6000 "home use"; Amended effective 1/1/24
3 CCR 6562(b)	Records retained at sales office for 2 years and produced for inspection.	ACP	6564
3 CCR 6564	Appropriate Products.	Cite subsec.	Cite specific subsection
3 CCR 6564(a)	Licensed dealers not sell or deliver a pesticide when requirements of the registered labeling conflict with the recommendation.	ACP	Amended effective 1/1/24
3 CCR 6564(b)	Licensed dealers not knowingly sell or deliver a pesticide for use not shown or restrictions on registered labeling cannot be followed.	ACP	Amended effective 1/1/24
3 CCR 6564(c)	Licensed dealers not sell or deliver a RM when the categories or certification do not allow for the intended use.	ACP	Adopted effective 1/1/24
3 CCR 6566	Supplemental labeling. Dealer delivers recommendation and registered supplemental labeling to applicator.	ACP	
3 CCR 6568	Dealer Responsibilities.	Cite subsec.	Cite specific subsection
3 CCR 6568(a)	For pesticides requiring a permit, obtain copy of purchaser permit before sale or delivery.	ACP	6400, 6414, 6416, 14006.6
3 CCR 6568(b)	For pesticides in 6400(a) or (d), obtain purchaser certificate/license or signed statement before sale or delivery.	ACP	6400(a), 6400(d); Amended effective 1/1/24
3 CCR 6568(c)	For 6622 pesticides, obtain operator identification number or permit before sale or delivery.	ACP	6622
3 CCR 6568(d)	Operator identification number list to out-of-county commissioners each quarter.	ACP	6622
3 CCR 6568(e)	Retain copy of purchaser records for two years.	ACP	6622, 6568(a-c)
3 CCR 6574	Antifouling Paints or Coatings Containing Tributyltin - Dealer Requirements.	Cite subsec.	Cite specific subsection; No products with active registration
3 CCR 6574(a)	Sales only for allowed purposes.	ACP	6488(a)
3 CCR 6574(b)	Prior to sale obtain copy of vessel registration or sworn statement.	ACP	6574(a), 6488(c)
3 CCR 6574(c)	Dealer sales records requirements.	ACP	6574(a-b)
3 CCR 6574(d)	Separate log for records in 6574(c), maintained for two years, available to Director and commissioner.	ACP	6574(a-c)
3 CCR 6576	Sales Limitation of Clopyralid. For products with use restrictions, dealer obtains signed statement for each sale, maintained for 2 years.	ACP	13191(b), 6950
3 CCR 6577	Sales of Nonfumigants for Use in the San Joaquin Valley Ozone NAA.	Cite subsec.	Cite specific subsection; 6000 "ozone nonattainment area"
3 CCR 6577(a)	Dealers provide information at time of purchase or delivery.	ACP	6881, 6884; 11408 "agricultural use"
3 CCR 6577(b)	Dealers indicate on invoice the information in (a) was provided.	ACP	6881, 6884, 6562

Page 19 of 40

This report does not replace the County Agricultural Commissioner's (CAC's) responsibility to ensure there is sufficient evidence to prove a case before issuing a NOPA. Refer to Compendium Volume 6 for information on the steps used to determine if a section can be cited in a CAC Administrative Civil Penalty Action.

Citable Sections Report

Code Section	Description	Enforcement Option(s)	Exception, Reference, or Advisory
3 CCR 6624(g)	Records must be retained two years and made promptly available to Director or commissioner upon request.	ACP, SCP in some cases	6624(a), 1970(a-b)
3 CCR 6624.5	Commercial Applicator Restricted Material Use Records.	Cite subsec.	Cite specific subsection; Adopted effective 1/1/24
3 CCR 6624.5(a)	Use records for restricted materials include the address of the property operator.	ACP	1970, 6400, 6624.5(a); 6000 "certified commercial applicator"
3 CCR 6624.5(b)	Use records for restricted materials include certified commercial applicator's name and license or certificate number.	ACP	1970, 6400; 6000 "certified commercial applicator"
3 CCR 6624.5(c)	Use records for restricted materials include name of any noncertified applicator(s), as specified in section 6406(a).	ACP	1970, 6400, 6406(a); 6000 "certified commercial applicator"
3 CCR 6624.5(d)	Use records for restricted materials include physical address where 6724(d)(1) and (e) records are maintained.	ACP	1970, 6400, 6724; 6000 "certified commercial applicator"
3 CCR 6625	Pesticide Use Report for School Sites and Child Day Care Facilities.	Cite subsec.	Cite specific subsection
3 CCR 6625(a)	In addition to 6627, persons engaged for hire in business of pest control using pesticides at school sites annually report use to DPR.	ACP, SCP	6624, 6627
3 CCR 6625(b)	On Department form or format approved by Director; information required to be on report.	ACP, SCP	6624, 6627
3 CCR 6626	Pesticide Use Reports for Production Agriculture.	Cite subsec.	Cite specific subsection
3 CCR 6626(a)	Property operator reporting requirements, submit by 10th of month following application.	ACP	6624; 6000 "agricultural commodity"
3 CCR 6626(b)	PCB reporting requirements, within 7 days of completion.	ACP	6624; 6000 "agricultural commodity"
3 CCR 6626(c)	Must be on approved form or format, containing information in 6624.	ACP	
3 CCR 6626(d)	Field soil fumigations in ozone NAAs must include application method.	ACP	6624(f); 6000 "ozone nonattainment area"
3 CCR 6626(e)	Postmark date is date of delivery.	ACP	
3 CCR 6626(f)	If no commissioner, report to Director.	ACP	
3 CCR 6626(g)	1,3-D use reports must include the field fumigation method code.	ACP	Effective 1/1/24, document incorporated by reference amended effective 01/01/26
3 CCR 6626(g)(1)	1,3-D use reports must be electronically submitted to the commissioner.	ACP	Effective 1/1/24
3 CCR 6626(g)(2)	Department post summary of 1,3-D use quarterly.	Do not cite	Effective 1/1/24; Not citable as a violation in a CAC ACP action
3 CCR 6627	Monthly Summary Pesticide Use Reports.	Cite subsec.	Cite specific subsection
3 CCR 6627(a)	Persons required to keep records under 6624 but do not submit under 6626 report a summary of applications by 10th of month following.	ACP, SCP	6624, 6626, 8505.17(b)
3 CCR 6627(b)	Report in format approved by Director; content.	ACP, SCP	8505.17(b)
3 CCR 6627(c)	If no commissioner, report to Director.	ACP, SCP	
3 CCR 6628	Negative Pesticide Use Reports.	Cite subsec.	Cite specific subsection
3 CCR 6628(a)	Licensed agricultural PCB registered with commissioner - report no pest control performed to commissioner.	ACP	11701, 11732

Page 25 of 40

This report does not replace the County Agricultural Commissioner's (CAC's) responsibility to ensure there is sufficient evidence to prove a case before issuing a NOPA. Refer to Compendium Volume 6 for information on the steps used to determine if a section can be cited in a CAC Administrative Civil Penalty Action.

Citable Sections Report

Code Section	Description	Enforcement Option(s)	Exception, Reference, or Advisory
3 CCR 6738.3(b)	If label does not specify CR glove barrier or category, may be any in 6738.3(a).	Do not cite	6738.4, 6738.3(c)(1-2); Not citable as a violation in a CAC ACP/SCP action
3 CCR 6738.3(c)	Barrier material must be 14 mils or thicker; exceptions.	ACP, SCP	6738.3(c)(1-2)
3 CCR 6738.3(c)(2)	High-dexterity and motor skill glove activities - 15 minutes/single use.	ACP, SCP	6738.4
3 CCR 6738.3(d)	Separable glove liner under CR gloves; specifications and disposal instructions.	ACP, SCP	6738.4; 6000 "chemical-resistant"
3 CCR 6738.3(d)(1)	Flocked gloves and non-separable liners prohibited.	ACP, SCP	6738.4
3 CCR 6738.3(e)	Requirements for leather gloves worn over CR gloves.	ACP, SCP	6738.4; 6000 "chemical-resistant"
3 CCR 6738.3(f)	Pilots. Enclosed CR container in cockpit of aircraft to store CR gloves used to apply pesticides.	ACP	6738.4; 6000 "chemical-resistant"
3 CCR 6738.4	PPE exemptions. Exempted PPE must be available at worksite in container.	ACP, SCP	Subsections are not citable, only introduction
3 CCR 6739	Respiratory Protection.	Cite subsec.	Cite specific subsection
3 CCR 6739(a)	General Requirements.	Do not cite	Cite (a)(1)(A) or (a)(2)
3 CCR 6739(a)(1)(A)	Employers ensure employees use approved respiratory equipment.	ACP, SCP	
3 CCR 6739(a)(2)	Written respiratory program, contents.	ACP, SCP	
3 CCR 6739(b)	Voluntary Respiratory Provision.	Do not cite	Cite (b)(2) or (b)(3)
3 CCR 6739(b)(2)	Voluntary Respiratory Provision. Display of subsection (r) alongside PSIS A-8 or N-8.	ACP, SCP	6739(r), 6723
3 CCR 6739(b)(3)	Voluntary Respiratory Provision. Employer must implement elements of written program, exception.	ACP, SCP	
3 CCR 6739(c)	Selection of Respirators.	ACP, SCP	General selection criteria
3 CCR 6739(d)	Medical Evaluation. Evaluation prior to fit-testing.	ACP, SCP	General evaluation criteria
3 CCR 6739(d)(1)	Medical Evaluation. Evaluation Procedures.	ACP, SCP	Many exemptions; See subsection (q)
3 CCR 6739(d)(2)	Medical Evaluation. Follow-up Medical Exam.	ACP, SCP	6000 "physician or other licensed health care professional (PLHCP)"
3 CCR 6739(d)(3)	Medical Evaluation. Administration of Medical Questionnaire and Examinations.	ACP, SCP	6000 "PLHCP"
3 CCR 6739(d)(4)	Medical Evaluation. Employer provides supplemental information for health care professional.	ACP, SCP	6739(d)(4); 6000 "PLHCP"
3 CCR 6739(d)(5)	Medical Evaluation. Medical Determination.	ACP, SCP	6739(d)(5), (p); 6000 "PLHCP"
3 CCR 6739(d)(6)	Medical Evaluation. Additional Medical Evaluations.	ACP, SCP	6000 "PLHCP"
3 CCR 6739(e)	Fit Testing.	ACP, SCP	"tight-fitting facepiece respirators" only
3 CCR 6739(e)(1)	Fit Testing. Prior to initial use and annually thereafter.	ACP, SCP	6739(p)
3 CCR 6739(e)(2)	Fit Testing. Additional fit tests.	ACP, SCP	6000 "PLHCP"
3 CCR 6739(e)(3)	Fit Testing. Employee notification of unacceptable fit, select new respirator and retest.	ACP, SCP	6000 "PLHCP"

Citable Sections Report

Code Section	Description	Enforcement Option(s)	Exception, Reference, or Advisory
3 CCR 6771(a)	Employer orally provides specified information to early entry employees.	ACP	6760, 6770; 6000 "early entry", "employee", "field", "REI"
3 CCR 6771(b)	Employer provides required PPE; PPE is clean, inspected daily, kept separate, storage; PPE meets standards in 6738-6739.	ACP	6760, 6738-6738.3, 6739; 6000 "PPE"
3 CCR 6771(c)	Employer assures PPE used correctly for intended purpose.	ACP	6760; 6000 "PPE"
3 CCR 6771(d)	Employer assures clean PPE is dry or stored to dry; contaminated PPE kept and washed separately from other clothing/laundry.	ACP	6760; 6000 "PPE"
3 CCR 6771(e)	PPE property of employer; employees are prohibited from taking home; employer informs of PPE laundering requirements.	ACP	6760; 6000 "PPE"
3 CCR 6771(f)	Employer requirements to have eye flush water if labeling requires protective eyewear.	ACP	6760
3 CCR 6771(g)	Employer decontamination site requirements - water, soap, single use towels.	ACP	6768, 6770(d), 6760, 6771(j)
3 CCR 6771(h)	Employer provides clean, pesticide-free area place where employees store personal clothing and put on/remove PPE	ACP	6760; 6000 "PPE"
3 CCR 6771(i)	Employer takes measures to prevent heat-related illness when necessary.	ACP	6760, 8 CCR 3395
3 CCR 6771(j)	One clean change of coveralls at the decontamination site for 6770(d) tasks.	ACP	6760, 6768, 6770(d), 6771(g)
3 CCR 6772	Restricted Entry Intervals.	Cite subsec.	Cite specific subsection
3 CCR 6772(a)	General procedures and definitions.	Do not cite	6760, 6772(a), 6774; Not citable as a violation in a CAC ACP action, cite specific violation instead
3 CCR 6772(b)	REIs for specific pesticide/crop combinations.	ACP	6760, 6772(b), 6772 informational note, 6774
3 CCR 6774	Restricted Entry Interval Adjustments.	Do not cite	Not citable as a violation in a CAC ACP action
3 CCR 6774(b)	REI increased when two or more organophosphates applied.	Do not cite	6760, 6772, 6774(a)
3 CCR 6774(c)	REI reduction when no foliage on crop treated and crop/weed cover is not over 4", but never less than label.	Do not cite	6760, 6772, 6774(a)
3 CCR 6774(d)	6772 REI shortened to label REI provided commissioner verifies requirement met.	Do not cite	6760. 6772, 6774(a), 6774(d)(1-4)
3 CCR 6774(e)	Rainfall labeling REI adjustment applies to State. CAC can verify an area is exempt from the requirement.	Do not cite	6760, 6772, 6774(a)
3 CCR 6776	Field Postings.	Cite subsec.	Cite specific subsection
3 CCR 6776(a)(1)	Property operator ensures posting when required by labeling.	ACP	6760, 6776(a), 6774; 6000 "employee", "REI", "treated field"
3 CCR 6776(a)(2)	Property operator ensures posting in an entirely enclosed space.	ACP	6760, 6776(a), 6774; 6000 "employee", "REI", "enclosed space"
3 CCR 6776(a)(3)	Property operator ensures posting not in an entirely enclosed space with REI greater than 4 hrs.	ACP	6760, 6776(a), 6774; 6000 "employee", "REI", "enclosed space"
3 CCR 6776(a)(4)	Property operator ensures posting when REI is greater than 48 hours.	ACP	6760, 6776(a), 6774; 6000 "employee", "REI", "treated field"

 3 CCR: Title 3, California Code of Regulations
 B&PC: Business and Professions Code
 16 CCR: Title 16, California Code of Regulations
 LC: Labor Code

Enforcement Options:
 State Only - Cannot be used by CACs in an ACP or SCP action
 ACP - Agricultural Civil Penalty
 SCP - Structural Civil Penalty
 C&D - Cease and Desist Order - Must also note the requirements violated as the basis for the order
 Civil, Criminal - City/County Attorney, Attorney General, or DPR may initiate a Civil/Criminal Action.
 This section not for use by CACs in an ACP or SCP action

Full code section text, as well as Exception, Reference, or Advisory section(s) text, should be considered in their entirety before writing a NOPA

1/28/2026

Page 32 of 40

This report does not replace the County Agricultural Commissioner's (CAC's) responsibility to ensure there is sufficient evidence to prove a case before issuing a NOPA. Refer to Compendium Volume 6 for information on the steps used to determine if a section can be cited in a CAC Administrative Civil Penalty Action.

Citable Sections Report

Code Section	Description	Enforcement Option(s)	Exception, Reference, or Advisory
3 CCR 6776(b)	Sign content requirements.	ACP	6760, 40 CFR section 170.409
3 CCR 6776(c)	Posting up to 24 hours prior to application, remain legible during application and REI, removed within 3 days.	ACP	6760; 6000 "REI"
3 CCR 6776(d)	Signs visible at usual entry points, posted along border with any worker housing area, posting requirements along unfenced public right-of-way.	ACP	6760; 6000 "treated field", "worker housing area"
3 CCR 6776(e)	Additional requirements when "Danger" or minimal exposure pesticides are applied through an irrigation system.	ACP	6760, 6790
3 CCR 6776(f)	Field fumigation warning sign requirements.	ACP	6760
3 CCR 6780	General Fumigation Safe-Use Requirements.	Cite subsec.	Cite specific subsection
3 CCR 6780(a)	Uncontrolled concentrations - proper respiratory protective equipment required to be worn.	ACP, SCP	6780(a), 8 CCR 5155
3 CCR 6780(b)	Requirements for use of fumigants which require air-supplied respirators (ASR): use ASR; continuous monitoring; or follow approved program.	ACP, SCP	
3 CCR 6780(c)	Director review of employer-submitted program.	Do not cite	Not a violation for CAC civil penalty actions
3 CCR 6780(d)	Employer shall have accident response plan at the worksite, employees trained on procedures.	ACP, SCP	
3 CCR 6782	Fumigation of Enclosed Areas.	Cite subsec.	Cite specific subsection
3 CCR 6782(a)	Conditions that require two employees to be present at all times.	ACP, SCP	6782(a)(1)(A)
3 CCR 6782(b)	Fumigation for production of agricultural commodity, maintain continuous visual or voice contact.	ACP	6739(g); 6000 "agricultural commodity"
3 CCR 6782(c)	Second employee has immediate access to labeling-required PPE in the event entry into the fumigated area becomes necessary for rescue.	ACP, SCP	
3 CCR 6782(d)	Warning signs - posting locations, duration, and content.	ACP, SCP	8505.9, 8505.10, 1974
3 CCR 6782(e)	Employees cannot enter except in certain situations.	ACP, SCP	6780(a)
3 CCR 6782(f)	No fumigant release in an occupied work area.	ACP, SCP	
3 CCR 6782(g)	Fumigant concentration in area after fumigation managed to prevent employee exposure.	ACP, SCP	6780(a), 8 CCR 5155
3 CCR 6784	Field Fumigation.	Cite subsec.	Cite subsection (b)(1)-(5)
3 CCR 6784(a)	Reserved.	Do not cite	
3 CCR 6784(b)(1)	Employer Recordkeeping. Recordkeeping for employees handling MeBr.	ACP	6445, 6447.3, 6784(b)
3 CCR 6784(b)(2)	Employee Protection Requirements. Shovelers work only at end of rows; employees shall wear respiratory protection when required.	ACP	6445, 6447.3, 6784(b), 6739
3 CCR 6784(b)(3)	Limited Work Hours and Workdays. MeBr fumigation handling activity time limitations.	ACP	6445, 6447.3, 6784(b)
3 CCR 6784(b)(5)	Tarpaulin Repair. Tarpaulin repair response plan provided to and approved by commissioner; MeBr concentration requirements; repair requirements.	ACP	6445, 6447.3, 6784(b)
3 CCR 6792	Conditions of Use. [Minimal exposure pesticides]	Cite subsec.	Cite specific subsection

Citable Sections Report

Code Section	Description	Enforcement Option(s)	Exception, Reference, or Advisory
3 CCR 6792(a)	Oxydemeton-methyl: ornamental landscape trees/shrubs by injection only.	ACP	
3 CCR 6792(b)	Oxydemeton-methyl: no greenhouse use.	ACP	
3 CCR 6792(c)	Propargite (Omite/Comite, etc.): no greenhouse use.	ACP	
3 CCR 6793	Minimal Exposure Pesticide Safety Use Requirements.	Cite subsec.	Cite specific subsection
3 CCR 6793(a)	Employer provides change area required by section 6732, regardless of toxicity category.	ACP	6791, 6732
3 CCR 6793(b)	Employer provides decontamination facilities required by 6734, regardless of toxicity category.	ACP	6791, 6734
3 CCR 6793(c)	Employer provides and requires use of coveralls, regardless of toxicity category.	ACP	6791, 6738.1(e); 6000 "coveralls"
3 CCR 6793(d)	Employer provides and requires use of full body chemical-resistant protective clothing, exceptions.	ACP	6791, 6738.1(g); 6000 "chemical-resistant"
3 CCR 6793(e)	Employer provides and require use of respiratory protection when engaged in certain activities.	ACP	6791, 6793(e)(2), 6739
3 CCR 6793(f)	Protective clothing and equipment cleaned or discarded at end of day's use.	ACP	6791
3 CCR 6795	Thiophanate-methyl. [Use Requirements]	Cite subsec.	Cite specific subsection
3 CCR 6795(a)	Employers provide and require use of respiratory protection for treatment of potato seed pieces.	ACP	
3 CCR 6795(b)	Indoor applications prohibited unless employees protected as in (a).	ACP	6795(a)
3 CCR 6883	Recommendation Requirements in the San Joaquin Valley Ozone NAA. Property operator must obtain a written recommendation for high-VOC apps on certain crops; retain for 2 years.	ACP	6881, 6884, 6558; 6000 "ozone nonattainment area", "operator of the property"
3 CCR 6884(a)	San Joaquin Valley ozone NAA use prohibitions for high-VOC products May thru Oct - specific crops.	ACP	6881, 6881, 6452.2(f)
3 CCR 6886	Dealer responsibilities for selling high-VOC products to property operators in San Joaquin Valley ozone NAA.	ACP	6881, 6577
3 CCR 6910	Prohibition of Use and Sale of Pesticide Products Containing Tributyltin.	Cite subsec.	Cite specific subsection; no products with active registration
3 CCR 6910(a)	Possession/use restriction for control of fouling microorganisms in some counties.	ACP	
3 CCR 6910(b)	Sales prohibitions to users in counties in (a).	ACP	6910(a)
3 CCR 6920	Prohibition of Use and Sale of Pesticide Products Containing Copper.	Cite subsec.	Cite specific subsection
3 CCR 6920(a)	Copper sulfate possession/use prohibition for control, in sewers and drains, of tree or other plant roots, or fungal slime.	ACP	Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano, and Sonoma
3 CCR 6920(b)	Copper sulfate sales prohibition in listed counties for listed uses.	ACP	6920(a)
3 CCR 6950(a)	Clopyralid. Lawn and turf application restrictions.	ACP	13190, 6576
3 CCR 6960	Dormant Insecticide Contamination Prevention.	Cite subsec.	Cite specific subsection; 6000 "dormant insecticide"
3 CCR 6960(a)	Dormant insecticide applications must meet one of the listed criteria.	ACP	6960(d)
