Pesticide Registration Branch Regulatory Updates

Economic Impact

A. Estimated Private Sector Cost Impacts

A.1. Check the appropriate box(es) below to indicate whether this regulation:

h. None of the above

DPR has determined that the proposed regulatory action will not result in increased costs to the private sector. Lowering the fee amount for notification submissions, replacing paper submissions with electronic submissions, and streamlining the application process will result in overall cost savings for the private sector.

Fiscal Impact

B. Fiscal Effect on State Government

4. Other

DPR anticipates minimal change in revenue related to this proposed regulation. The Department proposes to reduce the fee that registrants pay for submitting notifications from \$300 to \$100; this would decrease the revenue collected by DPR's Registration Branch. In Table 1 on the following page, we present summarized data provided by the Registration Branch for Fiscal Years (FYs) 2022-23, 2023-24, and 2024-25. We also present projected statistics for FYs 2026-27 and 2027-28. Assuming the average (i.e., mean) number of notifications is consistent with the historical average, we project an annual decrease in revenue of \$66,700, or 0.2 percent of total projected revenues. This reduction is minimal and is not expected to impact the Registration Branch's annual budget.

Table 1. Actual and Projected Registration Revenues and Notification Fee Totals 2022-2027

	2022-23	2023-24	2024-25	2025-26*	2026-27*
Registration Revenues ¹	\$20,714,000	\$20,170,000	\$ 29,589,000	\$29,081,000	\$30,687,100
Notification Fee	\$300	\$300	\$300	\$100	\$100
Number of Notifications	353	252	387	325	325
Notification Fees (Total)	\$105,900	\$75,600	\$116,100	\$32,500	\$32,500

¹ Registration Revenues are the total revenues collected by the Registration Branch in a fiscal year, inclusive of Notification Fees. Notification Fees (Total) is the product of the Notification Fee and Number of Notifications. Share of Revenues is the percent of Registration Revenues derived from Notification Fees (Total).

Share of Revenue from Notifications	0.51%	0.37%	0.39%	0.11%	0.11%
<i>*Projected revenues</i>					

We do not anticipate any change to DPR workload or any economic impact on the State government. Any remaining changes in the proposed regulation are clarifying in nature, intended to simplify the registration process, and are economically nonsubstantive.
